
PROFESSIONAL PROFILE

I am avidly seeking a position in education, training or counseling for a federal or state organization or private company where I might make best use of my military background and masters degree in education. A summary of my skills and abilities are outlined below:

- Twenty-six year veteran of US Navy with numerous merits and decorations
- Proficient in inland and international nautical rules
- Extensive knowledge of electricity and electronics
- Experience in classroom instruction as navy instructor and master training specialist for a variety of purposes within the US Navy
- Proficient in law enforcement and public safety techniques and education
- Excellent oral and written communication skills

RELATED WORK EXPERIENCE
